

GK GREENHOUSE ACCESSORIES

COMBINING TECHNOLOGY AND TRADITION SINCE 1976

Accessories to Help You Manage Greenhouse Growing

GK Greenhouse offers a large selection of Greenhouse Accessories to help you manage greenhouse growing and extend your growing season all year long. Choose from greenhouse heaters and greenhouse fans, exhaust fans, greenhouse vents, greenhouse fasteners, poly film covers, ground covers and more!

Greenhouse Covers

- Shade Cloth – GK offers both knitted and woven shade cloth in shade ranges of 30% to 95% block out of harmful sun rays. Custom sizes and grommets available.
- Polyethylene Film – Preferred choice for professional growers, UV stabilized and light weight. Resists mildew, abrasion and insects. Tear and puncture resistant. We also carry a double layer polyethylene film inflation kit.
- Polycarbonate Sheets – Corrugated and dual wall polycarbonate sheets for long term option for plant protection. UV protected and impact resistant from rain, hail and wind. Thermal insulating and chemically stable, transmitting up to 90% of visible light and filtering out unwanted UV light.
- Ground Cover – GK provides a tough versatile fabric for ground cover designed to last for years. Strong woven fabric to keep weeds out and allows water to easily disperse.

Greenhouse Heaters

- LB White ThermaGrow Greenhouse Heaters – Advanced, clean-burning, direct fired models offer 20% better fuel efficiency than other heaters on the market.
- Thermostat – Peco Thermostat – Tolerates moist conditions, high humidity and airborne contaminants for heating or cooling systems.

GK GREENHOUSE ACCESSORIES

COMBINING TECHNOLOGY AND TRADITION SINCE 1976

Fasteners & Hardware

- Wire Lock – Efficiently secures any flexible material (from 6 mil to 20 mil) such as poly film, shade cloth, screening and ground cover. Wire lock attaches to wood or metal with screws and can be removed and reinstalled seasonally.
- Wiggle Wire – The brand for high quality that effectively attached polyethylene or shade material to greenhouses. Installation is easy to the base and ability to attach multiple layers.
- Other Accessories – Pipe straps, brace bands, screws (tek and wood) end caps, rollup door kits, studs and clips.

Fans & Ventilation

- Dayton exhaust fans
- J&D exhaust fans
- J&D circulating fans
- Dayton shutters
- Side roll-ups
- Doors and end walls
