

FUEL TANK WITH SECONDARY CONTAINMENT

COMBINING TECHNOLOGY AND TRADITION SINCE 1976

GK MACHINE is your source for affordable, turn-key above ground steel fuel storage tanks from 250 gallons to 18,000 gallons. GK manufactures bulk fuel storage tanks for diesel, gasoline, bio-diesel, ethanol or oil. All GK tanks are designed with double wall steel that meets UL142 Standard for 'Steel Aboveground Tanks for Flammable and Combustible Liquids.'

FEATURES

- **UL 142 listed for Aboveground Flammable and Combustible Liquids**
- **Integrally sealed secondary containment (*dike tank style*) for environmentally safe storage**
- **Sand-blasted for weather protection**
- **Primer coat and urethane top coat for maximum UV corrosion resistance**
- **Pump and plumbing options available**
- **Steps on each end of tank and/or ladder on larger tanks**

GK FUEL TANKS ARE COMPLETELY FINISHED AND READY FOR FIELD INSTALLATION
