

AG WEST SUPPLY AWS3200 NUT HARVESTER

MANUFACTURED FOR THE NORTHWEST

GK Machine's AWS3200 Nut Harvester is one of the most versatile harvesters available. It's designed to handle the wet harvest conditions of the Pacific Northwest, and its high volume suction fan and adjustable vacuum separator are designed for superior cleaning performance.

- **Hydraulically driven suction fan and chain result in fewer moving parts and less downtime**
- **Speed of the suction fan and chain is controlled independent of the tractor rpm resulting in cleaner loads**
- **Low profile and ground level access to the fan housing for fast and easy cleaning**
- **Welded chain for maximum service life**

Specifications:

Length: 23 feet Width: 90 in.
Height: 79 in. Weight: 4,950 lbs

Maximum Windrow Width: 48 in.
Dirt Chain Conveyor Width: 36 in.
PTO Requirements: 540 RPM
Minimum Horsepower: 75 PTO

Manufactured by:
