

DELUXE COMFORT STATION

COMBINING TECHNOLOGY AND TRADITION SINCE 1976

Single or Double Toilet Trailers

Agriculture businesses require their employees to work off-site and for long periods of time in remote areas that might not be equipped with adequate restroom facilities. GK Comfort Stations offer the perfect mobile restroom solution for those industries looking for clean, efficient, cost-saving solutions to their remote restroom facility needs.

Your entire agriculture or construction crew will appreciate the durability, spacious interior and ease of maintenance.

- **NEW** Optional 'Deluxe Unit' – includes a new RV style pump-toilet to assist with sanitary flushing and allows for easy transport from location to location
- Choose from Econo, Standard or Deluxe stations; single or double house trailers
- All Comfort Stations meet OSHA sanitation requirements
- Choose from pin hitch, ball hitch or pintle-eye hitch
- Choose your options; add on shower, eye wash station, tank sizes, drinking fountain and more!

OSHA-compliant stations can include eye wash stations to help ensure safe working conditions for all your off-site workers. Mobile shower facilities, hand wash station, trash receptacle, and soap dispenser help promote a hygienic environment for your employees.
